

FADAA Homestudy Courses (Florida Certification Board Categories)

NOTE: The Florida Certification Board has created new categories of continuing education that must be met by people seeking certification. Below is a listing of FADAA Homestudy courses with a breakdown of CEUs into the new categories. If you apply for certification after July 1, 2004, you will be required to obtain training in the categories listed below (for complete information about certification requirements, visit the FCB's website: www.flcertificationboard.org). If you applied for certification prior to July 1, 2004, you may still use the old categories (i.e., counseling, addiction, prevention, criminal justice). People renewing their certification may select their hours from any FCB-approved courses.

Trandisciplinary Foundations

- TUA = Understanding Addiction**
- TTK = Treatment Knowledge**
- TAP = Application to Practice**
- TPR = Professional Readiness**

Professional Practice Dimensions
